He was northeastern regional sales manager for five years for Continental Extrusion Corporation, an extruder, printer and converter of plastic packaging in Garden City, N.Y. He also owned and operated his own restaurant in Black Rock, Ct.

Somple holds a bachelor's degree from Middlebury College, Middlebury, Vt. He and his wife, China, are the parents of three daughters - Jessica, Kristen and Samantha. Jessica and Kristen are Burr & Burton Academy graduates, and Samantha is currently a senior there. The Somples make their home in Manchester Center, Vt.

Mack Molding is a leading custom plastics molder and supplier of contract manufacturing services. Mack specializes in plastics design, prototyping, molding, sheet metal fabrication, full-service machining and medical device manufacturing. Founded in 1970, Mack is a privately owned business that operates 11 facilities throughout the world. Don Kendall is CEO and chairman.
